Description

A superb solid silver christening set consisting of a twin handled bowl and spoon in its original fitted box. They are excellent quality pieces and they have not been engraved. Each piece is fully hallmarked for Sheffield, 1912 and the makers Walker & Hall. They weigh approximately 175g in total. They are in good condition with clear hallmarks. There are no major damages and they display beautifully. There are some faint surface marks but nothing detrimental. They have been lightly cleaned and polished and are ready for use. The set comes in its original silk and velvet lined box, with fitted sections to hold both items. The box is in good condition and the interior is clean and tidy but there are some scuffs and marks and some old stains around the outside but overall it displays well.
