Description

A large and impressive Art Deco burr walnut nest of tables by Hille. They were made in England, they date from the 1920's. The quality is outstanding, they are incredibly well made and are a substantial size. The table tops have stunning burr walnut grain patterns, they stand on wonderfully scrolled legs and look great from all angles. These tables would work well in traditional or modern settings. We have had them stripped and re-polished, the condition is superb throughout. We also have the matching dining table, eight chairs, sideboard and server table that came with this. Additionally we have a Hille bedroom suite in the same style that also came with this and was all purchased together in the 1920's.
