Description

Gents 9ct gold Bernex wrist watch, 1964. The watch has a 17-jewel hand-winding movement which is working nicely. The movement is signed with the Bernex name, a name registered by Georges Bouverat & Co of Les Breuleux, Switzerland. The watch measures 32mm diameter excluding the winding crown and lugs. The case is 9 carat gold and there are hallmarks inside the case back for London 1964. The case is in lovely condition, just general light surface marks, nothing serious at all. There are no inscriptions. The lens looks good to the naked eye, there is a 3mm scratch if viewed very closely. The signed dial is in lovely original condition with original hands. A new leather strap has been fitted. The watch comes in a new presentation box
