Description

A lovely example of Art Deco that shows great style and imagination is this French table lamp. Made from a Spun copper base and then decorated with a bronze finish, with an overall trumpet shape. Cream coloured on the inside and takes a normal bulb, you can use energy efficient ones. There are three large decorative glass balls to the base giving the lamp that extra flair. Wonderfully ambient light radiates when it's lit. Condition is very good with minimal signs of it's age.
