Description

An exceptional pair of antique William IV mahogany and leather library armchairs. They were made in England, they date from around the 1830-1850 period. They are of outstanding quality with generous proportions, they are also extremely comfortable. The solid mahogany frames are beautifully crafted with lovely carving on the scrolled arms and front legs. They sit on porcelain casters and have a gorgeous overall patina. We have had them fully re-upholstered in a hand coloured russet leather to give this gorgeous colour tone, the mahogany has also been polished to a very high standard. The condition is superb throughout. Width – 28 inches , 71 cm Depth – 31 inches , 79 cm Height – 42 inches , 106 cm Seat height – 18 inches , 46 cm
