Price

Sold**Item Reference: SA1100041****Date of manufacture: 19th Century**

Dimensions

Height = 25 cm (9.8")

Width = 12.5 cm (4.9")

Description

A set of four large extending candlesticks made of Old Sheffield Plate. Bearing no makers marks but dating between 1810-1830. Highly decorated and a good heavy weight. All extending mechanisms are tight and functional. The condition is good overall with no dents or splits. Slight signs of copper bleed to some raised edges on the stems, but not extensive. One candlestick has signs of an old solder repair to the top but this does not detract from the overall elegance of the set. Weight of each candlestick approx 1.1kg. Height approx 25cm. Height when extended approx 29cm. Base diameter approx 12.5cm
