Depth = 17 cm (6.7")

Description

A really attractive wall clock in beautiful original condition. The whole clock is immaculate. The case retains its original French-polished finish with a lovely age related patina. It has quality turned and fluted finials to the top and bottom, with fine detail to the pediment. The dial of the clock has an enamelled outer ring with black Roman numerals and interspaced fluer-de-lis. It has a gilt brass centre and finely cut hands. It has a grid-iron compensating pendulum and an A/R brass bob. The 8 day, twin train movement strikes on the half-hour and the hour. It has just been fully overhauled by our BHI registered horologist and carries our usual 12mths full parts and labour guarantee. Why pay silly, over inflated prices for a clock when you can buy a perfect, fully guaranteed one from MASONS ANTIQUES. A very, very attractive clock, keeping perfect time and complete with original winding key. All cards accepted.
