Description

A pair of Victorian Beech & Elm Wheel Back Wedge Chairs. The chairs are a classic design and traditionally made from solid wood. They have hooped backs in the traditional Windsor style with spindles, a wedge back and a pierced centre splat in the shape of a wagon wheel. These are very sturdy chairs; they are very sound. This is probably because they are so well made, the joints are all good, there is no woodworm or wobbling, the wood has a good natural patination and has not been stripped. This is a good quality pair of chairs and would be the perfect addition to any Farmhouse Kitchen. The chairs are 35" high at the back, the seats are 18" high, and they are 15" wide at the front.
