Description

A late 19th century table of long narrow form with a central fold up adjustable music or reading stand raised on twin column legs to each end. The legs are detachable as the table was intended to be portable and therefore there is a little movement but this is the intended design and it provides the option of easily storing away. Very good condition, structurally all in good order with just some attractive aged surface wear. English, late 19th century. H: 66 W: 92 D: 29.5 cm
