Description

A very nice and well presented Westminster-Chime bracket/mantel clock. The beautifully polished mahogany case has a chamfered top with a brass carrying handle and a stepped, moulded base. It has glazed panels to either side. The square dial has a brass, matted centre, silvered chapter ring with black Roman numerals, and brass spandrels to the corners. The 8 day movement strikes the Westminster Chime on the quarters and the number of hours on the hour. It is fitted with a STRIKE/SILENT button. It has just been fully overhauled by our BHI registered horologist and carries our usual 12mths full parts and labour guarantee. Keeping good time and complete with the original winding key. Why pay silly, over inflated prices for a clock when you can buy a perfect, fully guaranteed example from MASONS ANTIQUES. All cards accepted.
