Description

A superb designed solid silver snake, possibly a paper weight? It is marked SIL for silver and tests as high grade silver. I would date it to c1920-1940 most likely made in India. It has superbly designed being in the form of a coiled snake with red gem set eyes. It is in super condition being free from dings splits holes and repairs. It measures approx. 2 inches (5.2cm) across the base by 1.5 inches (3.6cm) tall and weighs 84 grams. A very well made piece.
