Description

A fantastic pair of antique burr walnut drop leaf side tables, made in England and dating from around the 1920's. They are of amazing quality and being hand made, have some minor differences in proportions and design. The drawers on one have beading whereas the other doesn't, but they are a beautifully matched pair. They are a very useful size, perfect for use as lamp tables or even bedside tables. They have stunning burr walnut grain patterns, high quality brass handles and they sit on lovely cabriole legs with shell carving at the knees. The drop down leaves lift up on supports to increase the surface area. We have had them re-polished to a very high standard, the condition is excellent. Width – 18 inches , 46 cm Width open – 30 inches , 76 cm Depth – 15 inches , 38 cm Height – 27 inches , 69 cm
