Moeris military pocket watch,
chain & Egypt fob

Price

Sold

Item Reference: SA1102362

Date of manufacture: 1940

Description

Moeris military pocket watch, chain & Egypt fob. The watch has a 7 jewel Swiss stem-winding movement, a Moeris 19H, which is working nicely. The watch measures 50mm diameter excluding the winding stem and the loop. The case is chromium plated and it is in good condition, just one indentation to the back of the watch. The case back has the GSTP (General Service Time Piece) mark, together with the military arrow. The markings have faded with age. The acrylic lens is in good condition (some reflection showing in the photo). The signed dial is in lovely condition with blued steel hands. The watch comes with a single chain, 30cm long including the T-bar and the clasp. Also included is a 1920s enamel fob from Egypt (a little patch of damage at the top of the front and reverse). The chain is a different colour to the watch but this is how they came to us. The watch and chain come in a new presentation box.
