Description

These beautiful antique earrings are solid silver, each set with a flat-cut garnet and a trio of turquoise cabochons. Although Austro Hungarian cluster stud earrings are not unusual, it's rarer to find ones which have been enamelled like these. And as is often the case with Austro-Hungarian pieces, the back is just as beautifully decorated as the front. • Condition: The earrings are in very good antique condition with working screws, though there is some enamel loss, see photos. • Hallmarks/stamps: Stamped SILVER on each screw. • Fixing: Silver screw backs. • Era: Continental European c.1900s. • Size: Approximately 1.2cm diameter. • Weight: 4.3g.
