Description

A good example of a small antique solid silver twin handled bowl. It is stylish and good quality and weighs approximately 87g. It is hallmarked for Birmingham, 1919 and the maker T.H.Hazlewood. It is in good condition for its age and displays well. There are some faint surface marks and a small dent on the bottom (see photo) and signs of age and use but nothing detrimental. It has been gently cleaned and polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
