Description

1930s Record full hunter pocket watch. The watch has a Swiss 7-jewel stem-winding movement, signed Record, which is working nicely. The movement is protected by an inner hinged cover which has some fairly light scratching from where it has been opened in the past. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Star model from the English watch case maker Aaron Dennison. The case is in good condition, just a little unevenness to the front and back. The movement and case are not original to each other but of approximately the same age. The winding crown pushes in to open the front cover. Inside, there is an acrylic lens which is in good condition. The signed dial is in lovely condition with original blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
