

SA1103081

1930s Cyma pocket watch and chunky chain

Price

Sold**Item Reference: SA1103081****Date of manufacture: 1930**

Description

1930s Cyma pocket watch and chunky chain. The watch has a good quality stem-winding movement, Cyma calibre 999 with 15 jewels, 3 adjustments, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold filled Moon model from the Dennison Watch Case Company, an English case manufacturer and supplier to various watch makers. The case is in good condition with just general light surface marks and a slight unevenness to the hinged case back. The watch glass has light marking but not too serious at all. The dial is in lovely condition. Blue steel hands, a subsidiary seconds dial and outer minute markers. The watch comes with a heavy single chain, 34cm long including the T-bar and the clasp, and also a fob. The watch and chain come in a new presentation box.
