Dimensions

Height = 14 cm (5.5")

Width = 8 cm (3.1")

Depth = 7 cm (2.8")

Description

Hi I have for sale a rare 1890- 1920s French art nouveau carriage clock made in France, the case and movement have been fully restored. The Case The case is solid brass 14cm high x 8cm wide with a depth of 7cm The Dial The dial is in mint condition with spade hands and rare blue numerals housed in a stunning engine-turned gilded dial mask. The Movement The movement is an eight-day time only which has been fully restored with a new spring added so keeping good time over the eight days. Overall a simply beautiful French carriage clock in really good/mint original condition that is very hard to find these days. I will post worldwide.
