Description

A smart and extremely well made pair of antique brass floor lamps, made in England and dating from around the 1930's. They are of lovely quality, with beautiful intricate details on the bases and fluted shafts. The brass has a lovely patina, we have paired them with modern grey shades that compliment them nicely. The condition is excellent for their age, with just some extremely minor wear here and there. They have been re-wired and are in good working order.
