Date of manufacture: 1960

Dimensions

Height = 17 cm (6.7")

Width = 9 cm (3.5")

Depth = 7 cm (2.8")

Description

Hi I have for sale a 1960s carriage clock made by Tandridge of England that is in old shop stock condition I believe hardly used, keeping good time over the eight days signed on the dial by Tandridge. The Case The case is in solid heavy brass in the serpentine case style standing 17cm high x 9cm wide with a depth of 7cm it is in perfect condition with mint bevelled glass sides/front/back door and top viewing glass. The Dial The dial is in mint perfect original condition in white with the original black moon hands and Roman numerals and signed by Tandridge. The Movement The movement is an eight-day time only; the movement has been serviced so keeping great time over the eight days via the original jewelled escapement to the top. I have a key for the clock that's included. Overall a very heavy quality carriage clock by a quality maker that looks stunning on display and contains all of its original features is quite a rare find these days. I will post worldwide.

Internal Ref: C/Os
