Width = 56 cm (22.0")

Depth = 10 cm (3.9")

Description

Matched pair of early C19th Regency period circular gilt-wood framed convex-plate wall mirrors. Deep cavetto profile frames with applied spherical decoration, having moulded 'lambs-tongue' detail inner rings and reeded ebonised slips. Original clear mercury-silvered convex mirror plates. Minor differences to the applied spaced 'cross-over' ribbon-type decoration to the outer rims. Retaining the original gilded surfaces with only minor losses to gilding on some spheres and edges, having an atmospheric worn 'country-house' appeal. Although a 'matched' pair, the frames and mirrors are exactly the same diameter and depth. A decorative pair of mirrors to provide symmetry to an interior scheme. H 22.5" W 22.5" D 4" England c.1820

Internal Ref: ML 2411
