Depth = 97 cm (38.2")

Description

A beautiful quality piece of fossiliferous black marble tops this circular guéridon table, which dates to the 19th century and originates from France. - White and coloured inclusions in the black marble are leaf shaped and may be small shells. - Removable marble top has a moulded edge with multiple ridges. - Lion paw feet to the tripod base, with castors beneath. - Attractively shaped hexagonal sided column support. - Carved scrolling on the tripod base. This is a relatively small and low circular table, at slightly less than a metre in diameter, so this will make a lovely lamp table or a display surface for decorative objects. In good condition showing wear consistent with age and use. There are no chips or nibbles to the marble. Date: 19th Century Material: Mahogany & Marble Origin: France Height – 77 cm Width – 97 cm Depth – 97 cm
