Description

This stunning sterling silver bangle bracelet was made by silver maker William West. It is unusual because of its "West's Patent" triple bar closure. Both the closure and the bracelet are hallmarked sterling, and the inside is fully hallmarked for Birmingham, 1884. It is completed beautifully by floral hand engraving and studded decoration. The triple sliding bar catch makes this bracelet extremely easy to get on & off. It also makes it more secure than the standard clasper clasp. This bangle would make a great statement on its own or as part of a wrist stack!
