Description

The watch is the Constellation automatic day date with chronometer grade calibre 751 movement with 24 jewels, adjusted to five positions and temperature - as you can see it is in fabulous like new condition. This was the last of the great in house movements made by Omega. The starburst dial with day and date is perfect and totally original it has never been restored or retouched in any way. It has the Constellation observatory symbol on the back of the case which is bright and crisp and also the Omega symbol on the crown. The movement has just been serviced and comes with a 1 year warranty. The case and original beads of rice bracelet have been professionally polished and ultrasonically cleaned. As you would expect the watch is fully marked on the dial, movement and case. The watch case is slightly oversize and measures 35mm in diameter not including the crown. The bracelet is full length and will fit a maximum wrist size of 20cm. The watch has been fully serviced by and is guaranteed to be a genuine Omega in all respects. It has been professionally overhauled, the process is highly detailed and meticulous. This is one of the very best examples you will find.
