Height = 75 cm (29.5")

Width = 32 cm (12.6")

Depth = 16 cm (6.3")

Description

A rare opportunity to acquire a Westminster-Chime wall clock by the World renowned maker GUSTAV BECKER. A beautifully polished case with a full opening door which has bevelled glazing to the lower half through which the pendulum can be seen working. An immaculate, silvered dial with black Arabic numerals and brass surround. The clock strikes the Westminster-Chime on the quarters and the number of hours on the hour. Very importantly, it strikes on steel rods, giving a very crisp and resonating tone. It is fitted with a STRIKE/SILENT facility. The 8 day movement has just been fully overhauled by our BHI horologist and carries our usual 12mths full parts and labour guarantee. A real quality clock. All cards accepted. Why pay silly, inflated prices for a clock when you can get a perfect, guaranteed example from MASONS ANTIQUES.
