Description

A superb antique Edwardian mahogany leather top kidney shaped desk. It was made in England, it dates from around the 1900-1910 period. The quality is outstanding, this is extremely well made and is a very useful size. There is a gorgeous inset leather top with tooled edges, generous knee hole space and this is nicely finished on all sides, so can be used as a free standing item. There is lots of storage space in the many drawers which all run smoothly, they have brass handles and extremely fine, hand cut dovetailed joints. This stands on brass casters, it is quite a heavy and very sturdy item. We have had this recently re-polished, the condition is excellent for its age. Width – 51 inches , 129 cm Depth – 24 inches , 61 cm Height – 30 inches , 76 cm Knee height – 24 inches , 61 cm Knee width – 20 inches , 51 cm
