Description

Beautiful natural dyes and shining, well patinated surface on this lovely, collectable bagface. Larger than average and in excellent condition, it could be a very useful small rug or a wonderful display piece. You could look at this for hours and not find all the small details. Great piece, look at the extra detail on the closing lappets along the top. It speaks volumes about the care and attention that went into making this small tribal artefact. 2'9" x 2'2"
