Description

A smart and extremely well made antique Edwardian mahogany chest of drawers. This was made in England, it dates from the 1900-1910 period. It is on the Georgian revival style, with a serpentine shaped front and lovely splayed bracket feet. The top and drawer fronts are cross banded, this has a useful pull out slide shelf that slides out from under the top. The drawers run smoothly, they have brass handles and fine, hand cut dovetailed joints. We have had this re-polished, the condition is excellent for its age. There is some minor wear and patina remaining beneath the polish here and there, commensurate for age. Width – 24 inches , 61 cm Depth – 17 inches , 43 cm Height – 30 inches , 76 cm
