Description

Goldsmiths & Silversmiths silver pocket watch. The watch has a Swiss stem-winding movement, a Helvetia calibre 35, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 49mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside both of the case backs for Birmingham 1950, with a case maker's mark for Aaron Dennison, the Birmingham based case maker and supplier to various watch makers. The case is in lovely condition. The acrylic lens has very light marking but is very acceptable. The dial is signed with the name of the original retailer, Goldsmiths & Silversmiths Co Ltd, 112 Regent Street, London W1. The dial is in lovely condition with original blued steel hands. The watch comes in a new presentation box.
