Description

Highly elegant antique French Louis XV gilt mirror in excellent condition. It dates from the late 1800s. It has its wonderful, very ornate real gilt (gold leaf) frame with Louis XV detail including its crest and 4 side scrolls. It has its original bevelled glass with no scratches. It has all its original pine backboards. It would look beautiful as an overmantel as in the photo or as a freestanding leaner mirror in a bedroom perhaps.
