Item Reference: SA1105903

Date of manufacture: 1910

Description

Clearly hallmarked for London 1910 on both the base and the sifting cap this is a beautiful piece, still appropriate for use and showing very little signs of wear a small sink on the lower rim flare but very difficult to photograph accurately due to it being small and the surface reflection, but I have enclosed a magnified picture which enlarges, but shows the crease. The Goldsmiths & Silversmiths company Ltd 112 Regent St London is clearly marked on the base of the sifter and obviously the makers mark is clearly shown with the hall marks. This is a large sifter standing at 21.5 cm (8+inches) It is of substantial weight .. weighing 242 grams A beautiful antique piece, 114 years old and ready to grace any table or collection.

Internal Ref: Big/jg
