

SA1106589

Mahogany longcase clock by Robert Green of Edinburgh

Price

Sold

Item Reference: SA1106589

Date of manufacture: Regency

Dimensions

Height = 204 cm (80.3")

Description

A very desirable small Scottish longcase clock. The case has faded to a very appealing light satinwood colour. The movement features an 8 day movement and strikes the hours on a bell. Also with date and seconds to the centre. Please Note: This clock has only just arrived and is currently in our workshops being prepared for restoration. C.1810 If you would like to purchase or view this clock it may be possible to bring this process forward. Please contact us for further details.
