Depth = 16 cm (6.3")

Description

A lovely small fusee dial clock dating from the late 19th Cent or early 20th Cent. The case is in oak and it has a good quality cast brass bezel and chamfered plate glass. The bottom door has it's original lock and key. It has a good quality 8 day fusee movement, an 8 inch painted dial and original spade hands. The case is in good original condition. The movement is also in good condition and keeping good time. We prefer collection but can arrange courier delivery at cost.
