Depth = 16 cm (6.3")

Description

This is a stunning Victorian period taxidermy of a diving kingfisher posed in flight descending as it would to catch a fish. The bird is beautifully preserved and well mounted on a small stump with reeds and grasses and enclosed in a stylish blue painted later five glass display cabinet. This is in excellent condition and comes with a CSS taxidermists certificate of Authenticity. The cabinet measures 21 cms wide 16 cms deep and 29 cms high. UK insured packing and delivery is £20
