Description

A smart and beautifully made antique figured walnut console table. This was made in England, it dates from around the 1900-1920 period. It has an incredibly useful design, it is wide and very slim from front to back. The quality is outstanding, the top has cross banded edges and double herringbone borders. The drawers have solid oak construction inside, and beautifully designed brass handles. The condition is excellent, we have recently had this re-polished. There is a gorgeous overall patina and colour tone, with just some minor wear remaining beneath the polish here and there. Width – 42 inches , 107 cm Depth – 12 inches , 30 cm Height – 30 inches , 76 cm
