Description

Fine Chest of Drawers - Edwardian Walnut - circa 1910 This Edwardian chest of drawers are in fine order. Excellent build standard is evident throughout. The Walnut is a fabulous colour and the quality of the chest is obvious. The choice of Walnut definately elevates the chest over the far more common mahogany examples. The styling is classic with a sharpness to the line of the chest and an understated moulded top detail. The whole sits upon a continuous plinth with shaped front apron. The batwing handles are original and add to the piece. The layout is '2 over 3' with the drawer design. Unusual styling benefits this chest with the three full width drawers being of equal depth as opposed to the usual set-up of each becoming progressively deeper towards the bottom. Top pair = 13cm height Second tier = 20cm height Third tier = 20cm in height Lower tier = 20cm in height The chest is in great order and will perform perfectly and look wonderful for many decades to come. A handsome chest and rare in this condition and quality. Please do not hesitate to contact us if you require further information we are here to help Please see the images for the dimensions of th...
