Dimensions

Height = 30 cm (11.8")

Width = 25 cm (9.8")

Depth = 5 cm (2.0")

Description

An awesome antique emerald and diamond ring. The rich, verdant green emerald is claw set within a surround of the super white and nicely chunky old mine cut diamonds in a navette shaped coronet cluster setting. (A further two small old cut diamonds are set at the 'north' and 'south' of the emerald to ensure there are no metal-ly gaps when looking down at the ring). The split shoulders feature ornate swirls and lead a chunky D-shaped shank. Utterly beautiful. Accompanied by an independent jewellery report from IGR. Cut: Marquise cut emerald and old mine cut diamonds. Colour: The diamonds range from E to F. Clarity: The diamonds are SI1 to SI2; all are clean to the naked eye. Carat: The emerald is approximately 0.56 carat, with a total approximate diamond weight of 0.80 carat. Circa: 1910. Size: I (i) (UK) or 4.25 (US). Free sizing available. Measurements: The head of the ring is 17.3 x 11mm and sits 5.3mm from the finger. Weight: 4.22 grams. Metal: 18k gold. Tested with a Niton DXL Precious Metal Analyzer. Item # 6111112S090

Internal Ref: 6111112S090
