Width = 13 cm (5.1")

Depth = 13 cm (5.1")

Description

Technical Description An exceptional antique overshoot glass pitcher made in France by Bacarrat in the early 20th century. A fantastic mid green in colour with a poring section to the front and a solid twisted rope handle with an applied prunt at the base. The jug appears in the Baccarat catalogue on 1916. The jug itself is rare enough, but in green it is a rare piece indeed. **Date & Origin** France, c1916. **Condition** Excellent, clean and clear, no chips cracks or restoration. **Dimensions** Height: 29.5cm Diameter: 13cm **Comments** Overshot glass was made during the Victorian era in many different locations, including England, Europe and the USA where Boston & Sandwich made some outstanding decorative and functional pieces. It is created by rolling the hot glass in tiny pieces of broken glass and then reheated to remove the sharp edges producing a very rustic look and feel. One of a number of superb examples from the amazing glass collection of John and Poppy Stallebrass.
