Height = 211 cm (83.1")

Description

Elevate your collection with this exceptional longcase clock, a masterpiece by clockmaker Richard Biggs of Romsey. Combining artistry and precision, this timepiece offers both visual elegance and mechanical excellence. Key Features: 8-Day Weight-Driven Movement: Anchor escapement and seconds pendulum, this clock strikes the hours with a rack and snail striking system for reliable, accurate timekeeping. Elegant Flame Mahogany Case: The case is beautifully proportioned, showcasing the finest flame mahogany veneers, complemented by a long trunk door. Intricate Brass Dial: Featuring a silvered chapter ring with Roman numerals, Arabic five-minute markers, and finely blued steel hands. The matted centre includes a subsidiary seconds dial and a calendar aperture for added functionality. Signed Robert Biggs Rumsey (Romsey – Hampshire). Captivating Rocking Ship Automaton: Nestled in the break arch, a painted nautical scene comes to life with a rocking ship automaton, creating a mesmerising focal point. Don't miss the opportunity to own this remarkable blend of historical significance, mechanical ingenuity, and aesthetic beauty. A true conversation piece and a ti...
