Description

DESCRIPTION: This is a super opportunity to purchase a stunning and impressive PAIR of antique French Louis XV Style Kingwood Bedside cabinets each with marble tops and marquetry inlaid which have pretty decorative mounts which sets it off beautifully. The cabinets are a superb serpentine / Bombay shape and have the most exquisite marble tops. The marble top is beautifully shaped and have the most exquisite grain and colour to the marble with pinks amongst the grain, these really are exceptional marble tops and the photographs do not do them justice. Below this there are two serpentine fronted drawers with pretty floral marquetry inlays which are surrounded by kingwood veneers and a pretty handle. The drawer is flanked by lovely decorative mounts. Below the bottom drawer is a nicely shaped which is integral to the drawer front. As you move to the sides these again are nicely shaped and have been finished with a superb herringbone Kingwood veneer with flowers to the centre. The cabinets are then raised on lovely shaped sweeping legs which again have been finished with lovely decorative mounts to the front. These can be used as a bedside cabinet or would equally look...
