Description

A stunning superbly modelled good sized 800 silver animal figure. It is hallmarked with the 800 standard mark along with a makers mark. I would date it to c1920. It has been beautifully modelled being finely detailed in the form of a male pheasant and has yellow glass bead eyes. It is in super condition being free from dings splits and repairs. It measures approx. 10 inches (25.4cm) long beak to tail by 3.75 inches (9.6cm) tall by 2.5 inches (6.4cm) wide and weighs 208 grams. A very well designed high quality rare example.

Internal Ref: 38079
