Description

This is a rare opportunity to acquire a fabulous matching pair of modernist tables made by the highly regarded Hille furniture makers from the 1930's. Both tables are the same and really quite a rarity, more so as a pair, so rarely are these tables found. Both are original and made from blonde Walnut and are in fabulous condition having both been looked after over the years, they come without any damage or flaws to note. Both have been professionally re polished using traditional French polishing methods. These tables start with a circular top sat upon a cylindrical base with a repeating under tier. These tables work beautifully together. Fantastic and very unusual pieces that won't disappoint.
