Description

A stunning Still Life oil on canvas board Painting of mixed assortment of fruit in a dish with a blue and white jug and glass vase within a table setting. The artist has painted ripe peaches full and sliced, with a small bunch of green seedless grapes, the odd red cherry, and a walnut cracked open with the shell pieces nearby. A large leafed plant dresses the scene with the top of a fluted clear glass vase arising within the background, demonstrating the artists immense talent for accurately painting such a varied assortment of fruit. The whole painting is both sharp and colourful and correctly scaled to look professional in its fine detailed finishing. A beautiful study which would look great within a kitchen setting.
