Description

A lovely oak revolving bookcase dating from the early 20th Century. It has two levels and stands on a rotating base with castors below. It is a good quality piece and the wood has a lovely rich colour. It is in very good condition with no major damages and revolves freely. There are some minor signs of age and use, some light knocks and marks, a small chip on the bottom edge and the finish is slightly worn in places but nothing untoward or detrimental. It has been cleaned and lightly polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
