Description

This 19th-century oak chest of drawers features two short drawers over three graduated long drawers, all fitted with dark wooden knobs. Carved pilasters frame the drawers, adding subtle detail, while the piece stands on turned feet. The oak has a warm tone and attractive grain throughout. Item Ref; M-5724 . DIMENSIONS: Height – 122cm / Width - 125cm / Depth - 57 cm . CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places including age-related marks and scratches throughout the piece. There is some splitting to the top and sides, as shown in the photos. Additionally, there is knot loss to the wood on the sides, front, and back (also pictured). Despite this, the chest of drawers remains structurally solid and sound. Our experienced carpenter meticulously inspects, repairs, and restores each item in our collection. This ensures that every piece you purchase from us is ready to be seamlessly incorporated into your home. To provide you with a comprehensive understanding of the item's condition, we kindly request that you take a moment to thoroughly review all the accompanying photos.
