

SA1110868

Antique Cyma pocket watch and chain

Price

Sold**Item Reference: SA1110868****Date of manufacture: 1930**

Description

1930s Cyma stem winding pocket watch and chain. The watch has a good quality Swiss 15 jewel movement, Cyma calibre 919, which is working nicely. The movement is protected by an inner hinged fitted cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company, a prolific manufacturer and supplier of cases to various watch makers. The case is in good condition with just light surface marks. The watch glass has a couple of minor marks. The dial has its original blued steel hands, a subsidiary seconds dial and outer minute markers. There is a short faint hairline over number 4. The watch comes with a single chain, 28cm long including the T-bar and the clasp. The watch and chain come in a new presentation box.
