Price

Sold**Item Reference: SA1111345****Date of manufacture: Victorian**

Description

Here we have a wonderful pair of antique brass candelabras / candlesticks. This highly decorative pair of brass candelabras with sconces for 4 or 5 candles per candlestick with the center candlestick being complete with the candle snuffer which is removed should this need to be used for a candle. The sconces & drip trays can be removed for easy cleaning. This lovely candelabras were crafted during the Victorian era, and have been meticulously fashioned from solid brass, showcasing the intricate workmanship characteristic of the period. Its stately presence is a nod to the grandeur of Victorian British craftsmanship, making it a distinguished addition to any collection or as a stand-alone statement pieces. The candelabra's style is distinctly Victorian, with design elements that reflect the era's aesthetic preferences. It is an original item, not a reproduction, ensuring its authenticity and historical value. Whether displayed at a dinner party or used as a sophisticated accent in a formal space, this pair of candle holders is as functional as it is beautiful, adding a touch of antique elegance to any setting. The approximate MAXIMUM dimensions are: 20 3/4 inches / 52....
