Description

Location : East Bergholt Suffolk Large panoramic river landscape view of countryside depicting a man standing on the grassy river bank in the far distance casting his fishing line into the nearby river. The oil painting on canvas has been painted by a competent hand finishing with good detail and has produced a fine landscape view of lush grassy fields and farm buildings beyond. There is a couple walking along a grassy path in the extreme distance towards the buildings. The skyline is very realistically painted and overall scale is impressive. The swept frame has a beautifully moulded design being made of gilded wood.
