Sold

Item Reference: SA1111978

Date of manufacture: 1900

Description

Antique silver Omega pocket watch, c1900. The watch has a stem-winding movement, signed with the Omega logo on the regulator, which is working nicely. The movement is protected by an inner hinged cover which has a slight indentation. The watch measures 52mm diameter excluding the winding stem and the loop. The case is 800 silver and there are Continental hallmarks inside both of the case backs, together with the early Omega logo. The inside of the case has some details scratched into it, very difficult to read. Overall the case is in good condition with just three little indentations but nothing too detrimental at all. The acrylic lens is in good condition (some white reflection showing in the photos). The signed dial is in lovely condition with Breguet style hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
