Description

Antique English silver centre seconds half hunter pocket watch. The watch has a stem-winding movement which is working nicely. This is a good quality movement with screw set jewels and a Breguet hairspring. The movement is signed with the name E J Bailey, 4 The Exchange, Upper Tulse Hill, SW, probably the original retailer of the watch. The movement is protected by an inner which has a little unevenness but nothing too serious. The watch measures 57mm diameter excluding the winding stem and the loop. The case is silver with rose gold features, and there are hallmarks inside the two outer covers for Chester 1897 with a maker's mark for Charles Errington. The inner cover was replaced in 1907 and is hallmarked accordingly with a maker's mark for the London silversmith Alan Oliver. Charles Errington often made private label pieces such as this to be sold with the retailer's details. The winding crown pushes in to release the front cover. Inside, there is an acrylic lens which is in good condition. The dial is in lovely condition with original pin-set gold hands, including the special half hunter hour hand so that the time can be read when the front cover is closed.
